Capability Statement:

Highland Trucking, Inc. has been in business since 1984 serving as a Transportation Broker. Each of our Management personal has over 30 years experience moving freight for our customers. We supply our customers with the necessary truck equipment to move their freight to and from All points U. S. & Canada. Our specialty is Van - Reefer & Flat beds moving general commodities, refrigerated products, standard and oversize freight on various size and weight capable flat bed, step deck and low boys. We handle full truck loads as well as LTL movements. Since 1984 we have built an impressive customer data base ranging from small independent shippers and manufactures to some of the largest Co's in their expertise. Our financial status is sound and strong with good credit references having survived over the past 26 years we feel we have an excellent service to offer to our customers.

We maintain the latest computer equipment to handle our brokerage and tracking capabilities.

Some of our customers past and present Firestone Tire & Rubber, Allied Chemical Corp., ADM Corporation, Allied Stainless and Railroad Friction Products Corp. to name a few. We continue to look for potential customers through out the U.S and Canada.

Sincerely,

Chester Starling Jr.
